

Victim Support in Lower Saxony

Counseling and support for victims and their loved ones

Have you been the victim of a crime? Are the consequences causing you problems?
You and your loved ones have rights.
We will assist you in exercising your rights.
In consultations, our support workers will provide you with important and useful information from before you file a charge to when you are to give a witness statement.
Consulting is available irrespective of whether a charge is filed.
Where appropriate, we can also cover the costs for translators or interpreters.

Our support workers will provide you with psychosocial counselling and support.
Our support is optional, confidential, free of charge and anonymous upon your request.
Together, we will determine your individual needs, identify possible courses of action and help you put them into effect.
The Foundation for Victim Assistance in Lower Saxony (*Stiftung Opferhilfe Niedersachsen*) can also offer financial support.
We would be happy to arrange an individual appointment with you.
